

PALM ISLAND INC. OFFERS FREE ADULT CONTENT ONLINE

Marshall, VA, March 18, 2008 – Palm Island, Inc. (www.palmislandinc.com), a leader in the online adult entertainment industry, offers up sizzling adult content at their newly launched site, www.free-fetish-pics.com, and all of the content can be viewed for free.

“No membership is required, no login information is required, nothing. This is no-strings-attached, quality adult content,” said Palm Island, Inc. President, Mike Conwell. “We have more than 20 different categories for users to choose from. Or they don’t have to choose – they can look at all of them at no cost.”

The categories of pictures available for users to peruse include niches specific to the fetish world such as “Large Boobs”, “Shoes”, “Role Play”, “Domination” and more.

“This is a fun site and we’ll be swapping out the content periodically so users should check back to see what’s new,” Conwell said. “We hand-picked pictures of some of our favorite models and scenes for visitors of the site to enjoy.”

The site includes links to Palm Island’s newly re-launched flagship content site, The Play Pages (www.theplaypages.com). The PlayPages is a subscription-based content site, offering members access to a growing collection of 1,000s of pictures and videos, ranging from soft porn to hardcore.
